Faculty at UC Faces Another Loyalty Oath

SACRAMENTO, Oct. 11.—The University of California faculty, already involved in one loyalty statement battle on their Berkeley campus, focused attention today on a study of the new loyalty oath for public officials.

The State Attorney General's office was asked to decide if the professors were affected by recent legislation that prohibits payment of salary to public officials who do not sign the oath.

LOS ANGELES, Oct. 11. U.S. Senator George W. Malone, R., Nev., accused Secretary of State Dean Acheson of "stupid incompetence" today and demanded he be removed from office.

Speaking before the 32nd Annual American Legion convention, Malone scored the administration's foreign policy with particular emphasis on the Far East and Korea.

"The handling of the Korean threat is but another instance proving the unfitness of Mr. Acheson for his high position," the senator said. "His administration has been wholly unsatisfactory and it is important that he be removed before other serious blunders are made."

NEW YORK, Oct. 11.—Russia today formally proposed a Big Five conference on international peace and security and demanded that the United Nations set up a permanent international police force under the Security Council.

This was Russia's answer to an American proposal to give the veto-less General Assembly an international army to be used against aggressors whenever the Security Council is paralyzed in an emergency by a veto.

Seniors, Get Pics

Any senior who has failed to make or has not kept an appointment for a portrait sitting with the La Torre photographer may stop by the yearbook office, B95, and enter his name in the appointment book.

Co-editor Iris Elwood said yesterday that a few hours are still available for sittings, but warns that they will be available for a limited time only.

Some senior men have forgotten to wear white shirts, and, consequently, could not have their portraits taken at the appointed time, Miss Elwood said.

The Weather

Ah yes, the vaseline will run over many a co-ed's eye today. We have another, but more so, scorcher with us. Yesterday, you remember, was warm; well, yesterday's high will be today's low, high whistling up to around the century mark plus.

So count again on seeing the friends that you haven't seen

SAN JOSE STATE COLLEGE

Vol. XXXVIII San Jose, Calif., Thursday, October 12, 1950 No. 11

Last Day for Turning In Queen Contest Petition

Today is the last day that petition for the 1950 Alumni Homecoming Queen may be turned in to the Information office, Jeanne Thomas, publicity chairman, said yesterday.

She also announced that "return, recall, and recapture" is the theme for the Homecoming contests. Three contests have been scheduled for 1950 Homecoming.

They are the queen contest on Oct. 20, the float contest on Nov. 8, and the house decoration contest on Nov. 9.

Other activities which already have been included in the Homecoming program are the downtown parade, in which the floats will participate; a bonfire rally; a Homecoming football game; a post-game dance; and open house on the campus and for campus groups.

Student Y Forms Group to Study Church Services

Student Y, joint YM-YWCA organization at SJS, has announced the formation of a new student group to study the methods of the different types of church services in San Jose.

First meeting of the group will be held today at the Student Y, 272 S. Seventh street, at 7 p.m. All interested students are requested to attend, according to James A. Martin, executive secretary of the Student Y.

Tonight's meeting will have the Rev. Nat Lauriat, pastor of the First Unitarian Church of San Jose, as guest speaker. On Sunday the group will attend a service at the Unitarian church to see first hand the things explained by the Rev. Lauriat.

The group plans to visit various churches in San Jose and elsewhere, including Catholic, Protestant, Jewish, and possibly Moslem and Buddhist churches.

KEEN Aims Spartan Show

"Spartan Review", college-sponsored radio program heard weekly over station KEEN will be heard tonight at 7 o'clock, it was announced yesterday by Dr. Edgar E. Willis, group sponsor.

"What's going on around campus" will be the theme of the 15-minute show prepared by students Joe Bologna, Ed Hayden, and Mary Rumlin. One of the Spartan assistant football coaches, Bud Winter or Bill Perry, will be interviewed.

Following the program at 7:15, the radio guild-sponsored show, "Drama Time", will feature a play called "An Open Mind", by John Hanson, former student. Dick Russell is the director and Lee Cashion is in charge of sound. Joe Reber, Don Mertens, David Tice, Ronald Wren, Glendon Heath, and Joe Roberts are the actors.

Tryouts are being held today and tomorrow afternoons for future productions of "Drama Time" and "Story Time", said Dr. Willis.

since the last hot spell brought them out to the beach. And girls: easy with the vaseline; you'll glow today without it.

Card Stunts Honor Dads At Grid Game

By BILL CHAMBERS

Card stunts honoring the Dads of San Jose State college students will be the feature attraction of half-time activities tomorrow night at the San Jose State-Loyola football game, according to action taken at last evening's Rally committee meeting in the Student Union building. The rooting section will start the card stunts with "Hi Dad!" This will be followed with a series of pictures showing why college students are indebted to their fathers.

Student Board Swells General Fund \$12,000

Recommendation of the Board of Control for money to be transferred from the Associated Student Body bus fund to the general fund was approved by the Student Council at its meeting Tuesday afternoon in the Student Union building.

The transfer of funds will subtract \$12,000 from the bus fund. The money will be used to supplement general funds in order to meet the minimum budgets of student activities.

Other recommendations approved at the meeting were cutting the speech budget from \$1500 to \$1133, lowering the AWS budget from \$2000 to \$1680, and raising the Student Council fund from \$1800 to \$2400.

A change in the financing of the ASB supported debate team from \$900 to \$300 was tabled until next week's session of the council.

The Canterbury club, Episcopalian student organization, was voted "on-campus" at the meeting, after submitting list of members' ASB cards.

The organization was voted "off-campus" for a year by last year's Student Council for failure to submit their list of members' ASB card numbers by the deadline.

After several stunts depicting reasons for appreciating Dads on the day of the Dad's day game, the section will display a sign of affection for the fathers present at the game, and also verbally for those listening to the game.

The rooting section will then turn their talents to card stunts depicting the Loyola lion and his taming by Mr. Spartan. The card stunts to be used at the game were designed by Beth Calvin and Virginia Cox, Rally committee members.

According to Ed Mosher, Rally committee chairman, there is a rumor that a Loyola lion may be roaming the stadium tomorrow evening. "Let's hope that Mr. Spartan will be on hand to take care of any difficulties arising from the situation," Mosher says.

Ed Dickinson, chairman in charge of rallies, announced that there will be no rally to-night for the Loyola game. Plans were to meet the Loyola team when they arrived at the San Jose airport, but word has been received that the plane will land at the San Francisco airport. "We did not learn of this until this afternoon, so we will not have time to make plans for a rally tonight," said Dickinson.

Plans for a street dance in front of the Student Union building, as a rally for the San Jose State-USF game, were given by Dickinson.

Two bands, "The Modernaires", and Freddie Ross' combo have notified the Rally committee that they will donate their services for either a talent rally or a street dance.

Air Force to Get Ass't. Registrar

"Our loss is the Air Force's gain," was the inscription over Leslie W. Ross's office entrance.

Ross, assistant registrar, is enlisting in the U.S. Air Force, Monday. He will go to Fresno for a physical and mental check up and then to San Antonio, Texas for basic training. His period of enlistment is four years.

A SJS graduate, class of '48, Ross has spent his time since then in the registrar's office.

"The students liked Mr. Ross," Viola Palmer, registrar, said. "He was a painstaking and conscientious worker, and we in the office will miss him."

Members of the office staff gave Ross a going-away luncheon party yesterday.

Freshmen Gather For First Session

Freshman councilmen meet today in H44 at 12:30 p.m. for their first session of this quarter, according to James Jacobs, freshman class adviser.

Members of the council are representing "temporary leadership" for freshman groups A, B, C, and D. All freshmen are invited to attend, Mr. Jacobs said.

Architect's View of Science Bldg. Arch

Traffic jams in the Commerce wing will be very much alleviated when the arch reaches the stage of construction shown in this sketch. No definite completion date for the arch, between the Natural Science building and Commerce wing, can be given, because of the difficulty of getting certain building materials.

Campus Water Shortage Danger Is Over

By HOMER SLATER

How serious is the water supply problem on the San Jose State college campus?

This is an important question, for on Monday, a few blocks from the campus, the YMCA's 200-foot well went dry.

Victor Jansen, college engineer, believes that most of the danger of a water stoppage on the campus this year is over. Many farmers in the valley have stopped pumping irrigation water, and this curtailment, Mr. Jansen thinks, will slow down the lowering of the water level in the vast underground lake of the Santa Clara valley.

The college well was 296 feet deep at the last sounding in 1947; this depth is 96 feet deeper than

the dry YMCA well, according to Mr. N. T. Bradford, manager of the Western Well company of San Jose.

Mr. Bradford pointed out that seldom does his company drill a well less than 400 feet nowadays. The college well, however, is in a better-than average location, Mr. Bradford added.

Mr. Bradford emphasized that

only a very wet winter could alleviate the probability of a shortage next year. Of course other factors, he continued, must be taken into account, such as how much irrigation water will be pumped by farmers.

Mr. Jansen, college engineer, is also very worried about the campus water supply for next year. He commented:

"Everybody should pray for rain, so that we will have a wet winter to raise the water level. I know rain is uncomfortable, but it is necessary."

"Even when the rains start, the water takes a long time," the

engineer added, "to filter through the soil to the underground reservoir."

The college engineer said that he had asked the California Department of Water Resources to survey the situation in order to provide adequate facilities, but that as yet he has received no word.

Another worry, Mr. Jansen stressed, is the increased load that will come with the future expansion of the college.

When the new natatorium in the addition to the Women's gym was filled for the first time Tuesday, Mr. Jansen related, there was some doubt whether the overburdened water facilities could stand

the extra load without causing a shortage elsewhere.

The Men's natatorium has a very effective water purifying apparatus, and thus the same water can be used over and over. It presents, therefore, no problem.

The college engineer remarked that having such a tall water tower, poses a particular problem. The nine turbine pumps, 160 feet below the ground, not only must send water to ground level, but also must send it 75 feet more to the water level in the tower.

"About two years ago," Mr. Jansen reported, "we had to put the turbine pumps 40 feet lower, because the underground water level was going down."

Students Get Bargain

Ever since this quarter began there has been a ripple of discontent on campus regarding the cost of the ASB card. There are a few students who apparently think the \$15 price tag on the card is highway robbery.

Despite numerous articles appearing in the Daily explaining the reasons for, and advantages of, an ASB card, confusion still reigns in the minds of some students as to its value.

Some students were downright abusive when they were asked to spend one dollar to see the SJS-Santa Clara game last week. They overlook the fact that but for that one buck the game would have been impossible.

Perhaps a comparison of the SJS student body card cost with what other schools charge is in order.

The Graduate Manager's office made a study of these figures of other institutions, and found that 90 per cent of the schools make the student body card compulsory. At SJS an ASB card is voluntary.

At the University of Arizona you'd put out \$17.50 for an ASB card, at Arizona State college \$18. Oregon State college asks \$42.50 along with the University of Wyoming. At College of the Pacific a student body card costs \$25.

The College of Puget Sound and Whitman college take \$30 for each card sold.

A student at Chico State college must pay \$22 and Idaho asks \$25 per card.

All of these schools demand payment on a compulsory basis.

Mr. William Felse, graduate manager said, "We have made inquiries in California and other states of other colleges and it is a proven fact that at \$15 our ASB card is a bargain."

The card has been given added value with the arrival of SJS in major athletic circles. The class of football games scheduled this year are strictly "big time."

Need we say more?

T.A.D.

Just Among Ourselves

Save your pennies; there's a TAG DAY coming, for the Chest-fo' bits. Everyone on this campus should wear a tag that day.

We'll give tags to the faculty, too, when we get them, and we'll hope they wear them on the great day. (But if they don't, you mustn't walk out of classes! I got into a lot of trouble over that last year, had to apologize, by gum. Absent-minded or not, professors still have their dignity.)

There's no one here who can't find fifty cents for such a good cause! This drive is to take the place of all drives for the autumn quarter. You could skip a lunch or two, and not miss it, or even a smoke.

We've developed a pretty general rule, over the years, that we don't have outside entertainers for campus affairs. This is the place for students to strut their stuff. If we haven't good entertainers of our own any more, surely these are melancholy days.

I wish someone would design a College flag. I'd like to see the special flag of ol' San Jose State in every ceremony; be sort of nice.

Decorum at the Santa Clara game was excellent. When two cross-town rivals can have a tough game and still be courteous to each other, that's a national record, or something.

The old buildings continue to come down, steadily, if slowly; but we're used to slowness, goodness knows. They tell us the Engineering and the Music buildings will be ready for bids December 1, a consummation devoutly . . . etc.

'Distancemen' Vie For Top Honors

Twenty-one men will battle today or tomorrow afternoon for the right to represent San Jose State college in its dual cross country meet with San Francisco State college at the bay city on Friday, Oct. 20, according to Coach Don Bryant.

Eleven men will be picked to make the trip.

Sacramento junior college also will be on hand to give the Gators a rough afternoon. If last Friday's informal meet is any indication of things to come, the Spartans should cop the three-way meet.

Nine men bettered 23.11, which was last year's mark for the pre-season workout. Ellwin Stribbling, sensational frosh competitor from San Francisco, crossed the finish line ahead of the pack with a time of 19:31.9 for the 3.5 mile course.

Al Weber, sophomore harrier from Riverside, had the second best mark with 20:07.5, while last year's ace, Dore Purdy, covered the distance in 20:19 for third best. However, Purdy ran by himself and did not have the advantage of having competition.

Others who finished better than last season's best are Sophomore Paul Jennings (21:11.5), Fresh-

man Paul Bowen (22:09), Sophomore Bob Anderson (22:28.5), Paul Flanagan (23:01), Sophomore Bill Head (23:01.5), and Frank Johnson (23:03.5).

The rest of the men who will compete for the chance to make the trip to San Francisco include Bob Weber, Dan Sawyer, Herbert Bonds, K. Jensen, Jack Fourcade, Edwin Hass, Carl Moore, Mark Hildebrand, Phil Moores, Ray Cuffman, Roy Hodges, and Dick Inghram.

Coaches Harriers

Don Bryant, former track ace for San Francisco City college and the San Francisco Olympic club, is the new head mentor of the Spartan cross country team this season. He is taking over for Coach Bud Winter, who is handling the assignment of back field coach of the varsity football squad.

Bryant ran the 100-yard dash in 9.7 sec. and the 440-yard dash in 49.0 sec. while competing for SFCC in '37 and the Olympic club in '38.

During the war he participated for an all-Army team against an all-Navy track aggregation in the Hawaiian Islands.

Spartababes Face USF

San Jose State college freshmen will start off their 1950 grid campaign tomorrow at 2:30 p.m., when they meet the University of San Francisco frosh at Saint Ignatius high school in the bay city.

The Spartababes, with Coach Tom Cureton at the helm, have had less than three weeks to prepare for their initial contest. They will be playing a big, rugged team that already has one contest under its belt—a 39-6 victory over Treasure Island.

Several outstanding prep stars on the Spartan team will be in Saturday's line-up. Despite that fact the San Joseans appear to be the weaker team.

Lack of depth in the line will hamper Coach Cureton's efforts to use both offensive and defensive units in the contest. And lack of more time to coordinate the

team's offensive and defensive play is a factor which must be considered.

The picture is not completely black, however. Several members of the frosh team have made themselves known throughout their own home areas and even throughout the state.

In addition, Coach Cureton has had some top-flight coaching assistance this year. Marv Johnson and Max Coley have been working with the backs, Jack Faulk with the linemen, and George Keene with the ends. All four of these men were members of the 1949 Spartan varsity.

Five ROTC Students Receive Commendation

Names of five ROTC students qualifying for the title of Distinguished Military Students of the Corps of Military Police at San Jose State college have been announced by Col. James Hea.

The five men are Fred J. Davis, William K. Donnelly, Nathaniel D. Fast, Herbert C. Frame, Vernon D. Johnson, and Stanley J. L.

bodinski Jr.

The honored men earned their titles by outstanding scholastic work and high quality leadership displayed in the ROTC program. The five may now apply for permanent commissions in the Regular Army, to begin after their graduation from SJS.

A former Distinguished Military student, Patrick E. Parkes, received a commission in the Army in June, and has since distinguished himself further during fighting in Korea. Parkes was wounded three times by shrapnel, and has been in a hospital in Japan since September 16.

'Lyke' Editors Offer Prizes

Three prizes, totaling \$30, are being offered by the editors of Lyke, the quarterly magazine of college life, for the three best stories submitted to them before Nov. 10.

The stories must be written by San Jose State college students, be approximately 2000 words long, be written to interest the college student, and be humorous or light reading.

The prizes awarded after publication in mid-December will be \$15 for first, \$10 for second, and \$5 for third.

Women PE, Rec Majors will Hold Meeting Tonight

Women physical education and recreation majors will have their first meeting of the quarter tonight from 7:30 until 9 o'clock in the Student Union, according to Miss Lloyd Thompson, publicity chairman of the PE-Rec club.

The group will elect a new president from the following candidates: Miss Annabelle Vargas, Miss Joan Buszek, and Miss Kay Arnett.

Miss Thompson said the meeting also will provide an opportunity for new women in the department to get acquainted with the club and its activities. Refreshments will be served.

Miss Dorothy Weller, vice president, is in charge of the meeting.

December Grads Must Apply Soon

No diplomas will be available for December graduates who fail to turn in an application for graduation by Friday, Dec. 13. This includes those working for post-graduate credentials and bachelor degrees.

According to the Registrar's office, a student must have his department head's approval on file in the office before turning in his application for graduation. Forms for this are available in the Registrar's office.

While attending Compton JC, Bob Cross, San Jose State basketball and track star, was all-conference, all-western states tourney, and all-American JC basketball team member in 1948.

Soph Class Gives Post-Game Dance In SJS High's Gym

San Jose high school gymnasium will be the site for an after-game dance tomorrow night. The affair, sponsored by the sophomore class, will last from 10:30 p.m. until 1 a.m.

The admission fee is 35 cents per person. According to Joey Baldwin, chairman of the event, there will be signs posted near the gym to direct those unacquainted with its location.

Members of the sophomore class who planned this dance are Jill Iverson, Jim Porter, George A. MacDonald, Chuck Wing, Mary Pahl, Lee Leidig, and Shirley Hubbard.

School for Scandal Nov. 2-3-4-6-7

Music Head Returns from Conference

Dr. Lyle W. Downey, head of the Music department, has returned from the California-Western Music Educator's association conference in San Diego.

Dr. Downey reported that all plans for the association's biennial conference to take place in San Diego in March were completed during the week-end.

Much was accomplished during three meetings of music depart-

ment heads of California state colleges, Dr. Downey commented.

The conference last week had representatives from colleges and public schools in California, Utah, Idaho, Nevada, and Arizona.

The California-Western group is a section of the National Music Educator's association, whose biennial conference was held this year in St. Louis. Dr. Downey explained.

Booth Travels To Convention

Miss Mary D. Booth, head of the Occupational Therapy department at San Jose State college, will attend the national convention of occupational therapists, beginning October 16 at Glenwood Springs, Colo.

Miss Booth is to be in the Colorado city Friday, Oct. 13, for a meeting of the educational committee of the convention, in which she is co-vice-chairman. The meeting preceding the actual convention will bring together teachers from occupational therapy departments maintained at 26 schools and colleges throughout the United States.

Campus Interviews on Cigarette Tests

Number 2...THE BLOW FISH

"Shucks—I blew in when I should've blown out!"

Pity the poor Piscis! He's been making all those trick cigarette tests you've been reading about! He's taken one puff of this brand — one sniff of that. A quick inhale of cigarette "A" — a fast exhale of cigarette "B" — and he's *still* confused! Seriously, isn't the sensible way to test a cigarette to smoke pack after pack, day after day?

That's the test Camel asks you to make — the 30-Day Mildness Test. Smoke Camels — and only Camels — regularly for 30 days. Your "T-Zone" (T for Throat and T for Taste) — is the *real* proving ground for any cigarette. After you've tried Camels as your regular smoke, you'll know why...

More People Smoke Camels than any other cigarette!
